Learning Touchdesigner

You can learn Touchdesigner online! The community is 'small' and helpful, to get started check out these resources:

The derivative site : https://derivative.ca/learn

https://learn.derivative.ca/

https://learn.derivative.ca/courses/100-fundamentals/

Our recommendations:
These are the TDtutorial masters, they cover a super broad spectrum and help you actually understand the basics:

https://www.youtube.com/embed/Z_WfldiO6HI?list=PLFrhecWXVn5862cxJgysq9PYSjLdfNiHz elekktronaut.com bileam tschepe (elekktronaut) youtube playlist Very thorough & clear beginners course to get you started.	https://www.youtube.com/embed/hDHui-lxRw0?list=PLpuCjVEMQha9_WchDzqG878GtsJd1uJ5s https://interactiveimmersive.io/ The Interactive & Immersive Headquarters youtube playlist The Interactive and Immersive HQ has a mission: Help TouchDesigner freelancers, agencies, artists and designers achieve their artistic visions.	https://www.youtube.com/embed/qbupHTeJCeU @acrylicode In this channel you will learn how to use Touchdesigner as a creative tool.	https://matthewragan.com/ Matthew Ragan youtube playlist Very clear & thorough tutorials, that really help you understand what you are doing.

Some of our personal favourites, that immediately take on a project:

ReynBows

NotoTheTalkingBall

FactorySettings

Acrylicode

If you're into maths, learn from the master: Paketa12
A super different approach, appreciated by some students as it seems more of a 'fine art' way of working: PPPanik

https://alltd.org/ : A great collection of all kinds of Touchdesigner tutorials, there are lots!!
