

# ENTTEC

A piece of hardware to control your fixtures/daisychain through USB.

HKU students can borrow this at the [uitleen JK](#), [uitleen PT](#) and [uitleen ON](#).

For you computer to recognise the hardware you need to install a driver

Quick & dirty way is to install EMU : <https://www.enttec.co.uk/en/downloademu185639027/>
