

## CASTING ON WITH E-WRAP

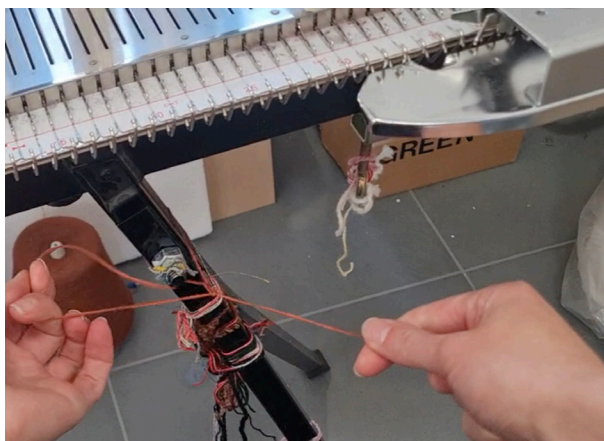

### Step 1:

Set up the yarn by threading it through the yarn guide.

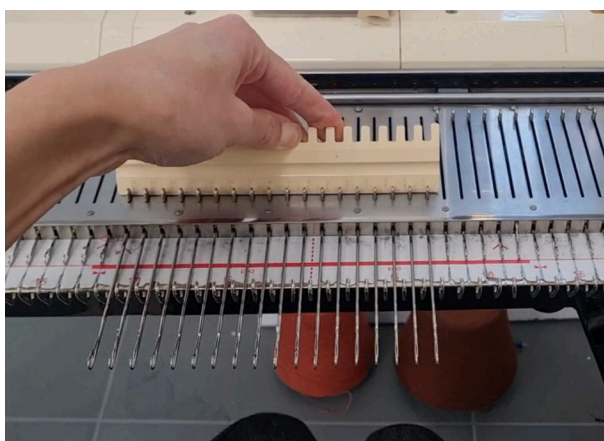

### Step 2:

Tie the yarn to the machine leg, place the carriage on the right hand side.

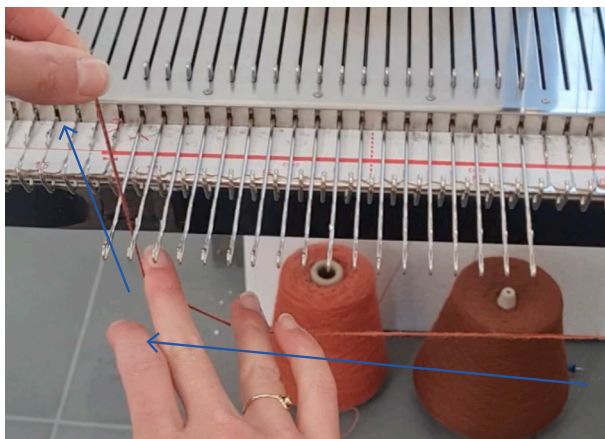

### Step 3:

Move a selection of needles all the way forward.

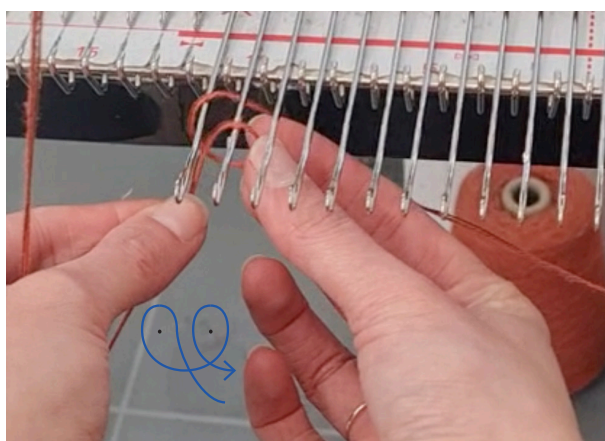

**Step 4:**

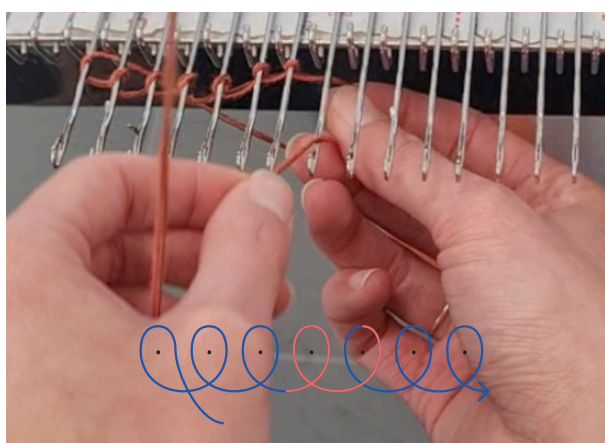

Guide the yarn upward inbetween the first and second needle.

**Step 5:**

Guide around needle one, then under and over needle two.

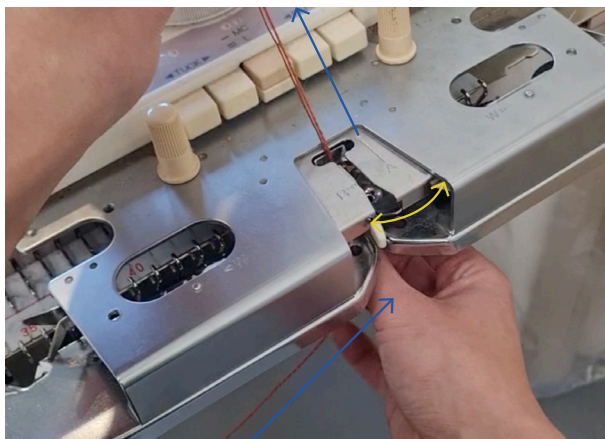

**Step 6:**

Continue by going under and then over each needle, forming small sideways e's.

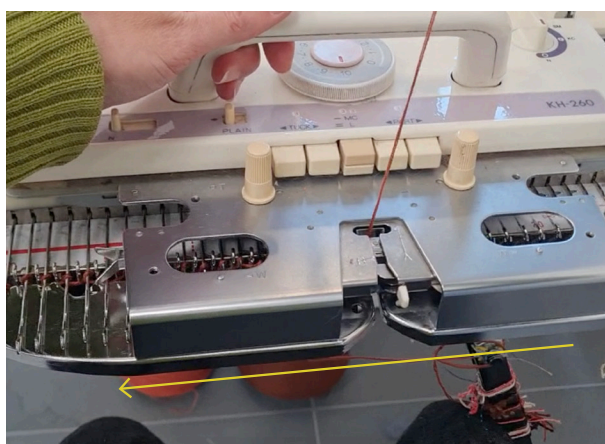

**Step 7:**

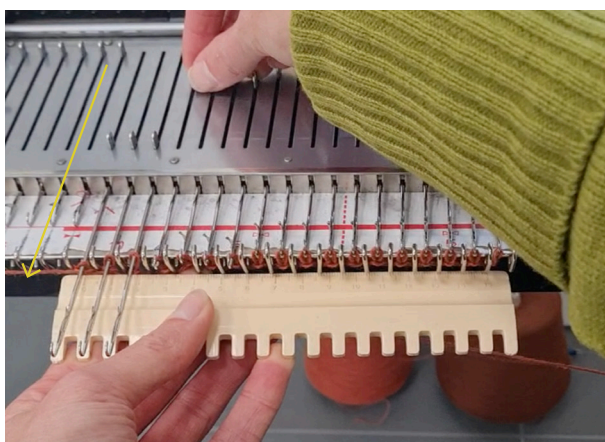

Feed the yarn through the carriage (A) and then close.

**Step 8:**

Knit the first row by moving the carriage.

**Step 9:**

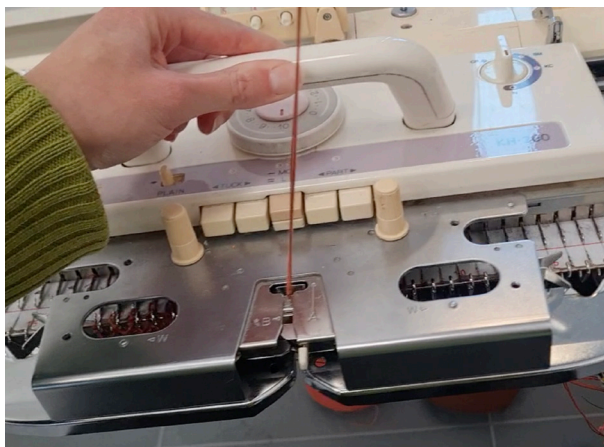

Hold the stitches in their place using your hands or a needle pusher as pictured, and move all needles forward.

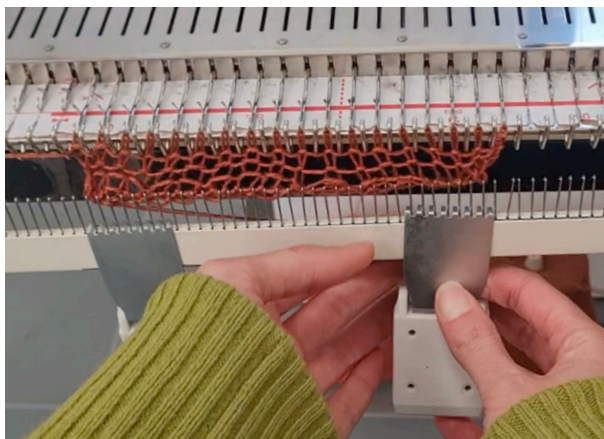

**Step 10:**

Repeat this several times: hold stitches in their place, move needles forward and move carriage to knit.

**Step 11:**

Add the cast-on comb and weights.

**Step 12:**

Now, you are all set for knitting!
